

### Sys-112, 114, 115, and 116 Testing

- Made a More visible Banner to Display Login Errors
- Made login fields clear after an entry attempt
- Functional Error Handling Codes
  - DEFAULT: "Invalid credentials"
  - INVALID\_EMAIL: "This Email is Not Associated with a User Account"
    - If an email is not found in the database.
  - INCORRECT\_PASSWORD: "Invalid Email or Password"
    - If the password is wrong for a valid email.
- Added a Spinner for while the credentials are being verified (loading sign)

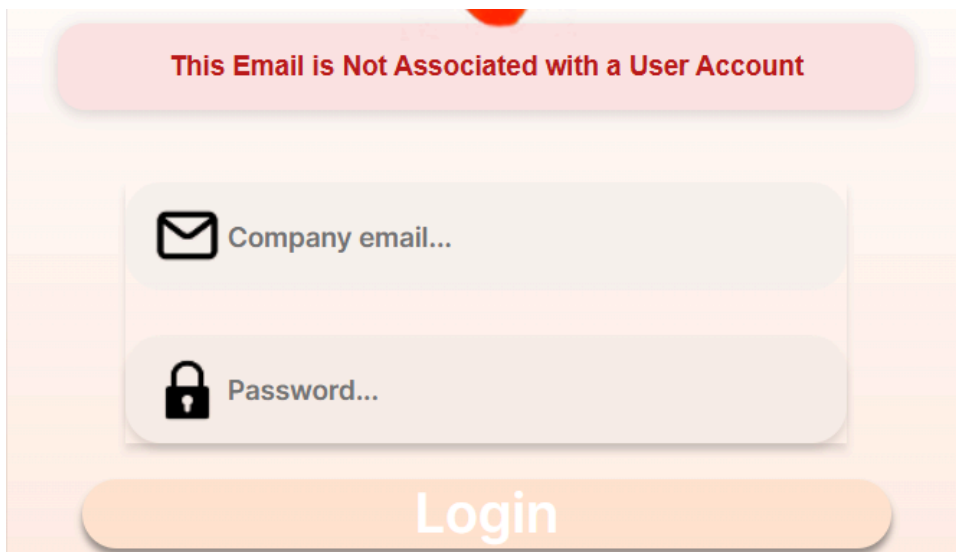

### Testing Documentation

No entry yet:

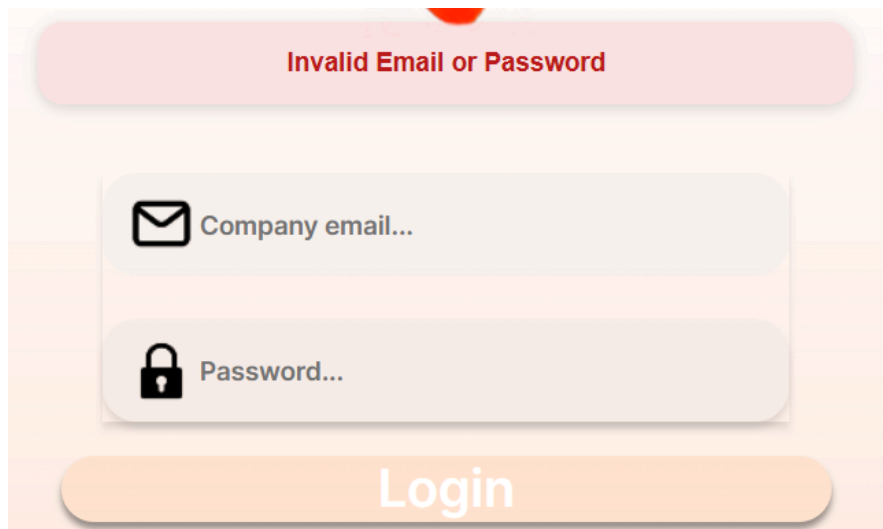

The screenshot shows a login interface with a light orange background. At the top center is a red exclamation mark icon. Below it, the text "Sign in with email" is displayed. There are two input fields: "Company email..." with an envelope icon and "Password..." with a lock icon. Below these fields is a large orange "Login" button. At the bottom, there are two links: "Don't have an account? [Create Account](#)" and "[Forgot your password?](#)". In the top right corner, there is a link: "[Go to Search Bar Testing](#)".

Invalid Email with a Valid Password:

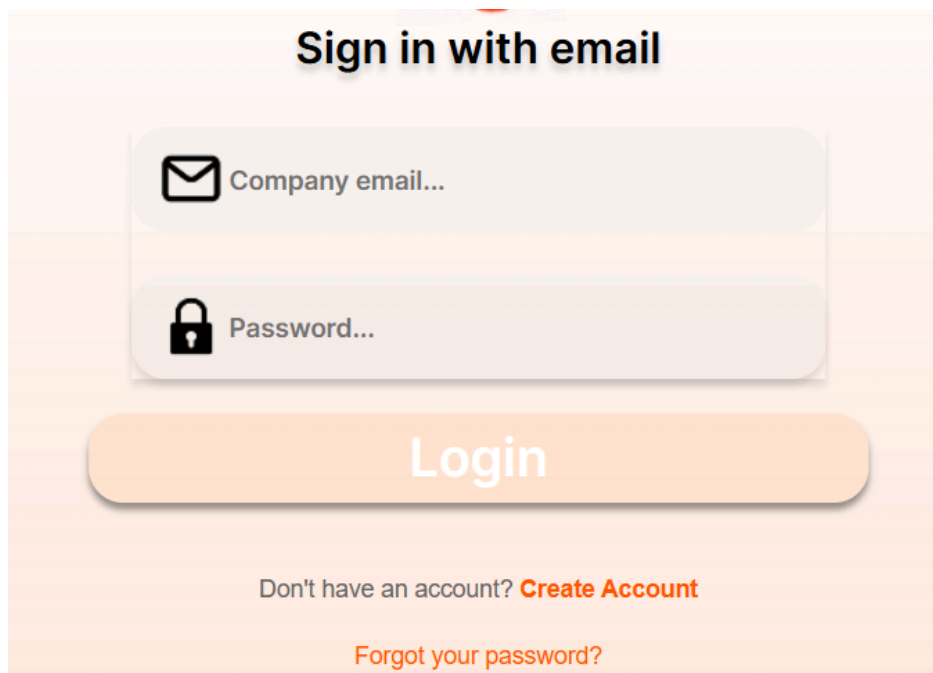

The screenshot shows the same login interface as before, but with an error message displayed at the top in a red rounded rectangle: "This Email is Not Associated with a User Account". The input fields, "Login" button, and links remain the same.

Invalid Password with Correct Email:

The image shows a login form with a light orange background. At the top, a red rounded rectangle contains the text "Invalid Email or Password" in bold red font. Below this, there are two input fields: the first is labeled "Company email..." with an envelope icon, and the second is labeled "Password..." with a lock icon. At the bottom, there is a large orange rounded button labeled "Login" in white text.

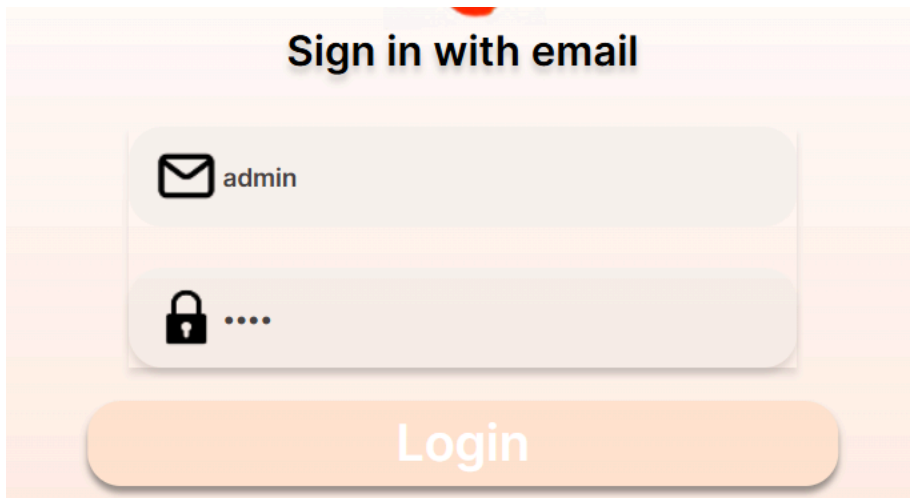

Error Message Goes Away After Page is Reloaded (Or Error is updated upon a new validation attempt):

The image shows the same login form as above, but the error message is gone. The title "Sign in with email" is now centered at the top in bold black font. The input fields and the "Login" button remain the same. At the bottom, there is a link "Don't have an account? Create Account" in orange text, and below that, another link "Forgot your password?" in orange text.

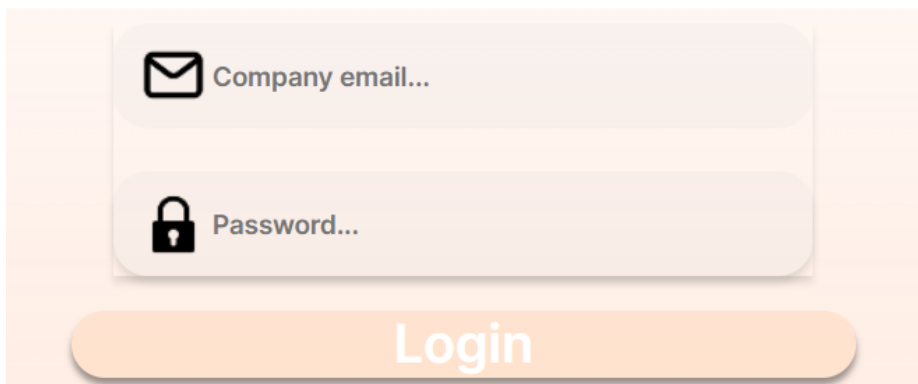

This is the login form filled in with valid credentials. Whether valid or not, the fields are cleared after the login verification.

Filled In:

The image shows a login form titled "Sign in with email". It has two input fields: the first contains an envelope icon and the text "admin"; the second contains a lock icon and four dots. Below the fields is a large orange button labeled "Login".

Cleared:

The image shows the same login form, but the input fields are now empty. The first field contains an envelope icon and the placeholder text "Company email...". The second field contains a lock icon and the placeholder text "Password...". The "Login" button remains at the bottom.
